L. Sullivan talked about the success of the Pope Land Design Committee (PLDC) presentation at Town Hall on June 6th and noted that no one from the public was at the Subcommittee meeting to explore additional properties on June 14th. She also commented that the SAHC newsletters are great. H. Pouler asked if there was any more information to “correct”; J. Kronholm Clark suggested mentioning that the 2023 AH Plan is great, but that it only gets the town halfway to its’ AH goal. L. Sullivan pointed out that no other town-owned properties are suitable to build AH. J. Kronholm Clark suggested mentioning the details of why it is so hard to find suitable properties for AH in the newsletter. L. Sullivan also suggested outlining the process for opportunities to vote on AH projects; A. Slotnick mentioned using the piece that Vivian Garfein used at the PLDC June 6th presentation. J. Kronholm Clark suggested sending a quick Zoom link about the P&Z Public Hearing later tonight, regarding Grove Street; she asked that people speak up in support of it and that the Hearing will probably be continued to July 1st.
