Thank you, I have made no assurances on P&Z's behalf and I think you know my thoughts on all of this

Good morning, Curtis:

I stopped by to see you this morning, but you were at the doctors.

I wanted to convey to you that assurances you may giving neighbors and others concerning the layout of the housing and the retention of parking is undermining the work of the Planning and Zoning Commission and is counterproductive.

The PZC will make a decision based on the facts in the record and the Regulations.

Thank you for cooperation.
