I spoke up at the last public hearing but want to underscore that I support 2 housing trust homes on the Grove St. Site whole heartedly. I would like to see some parking there as a town amenity since there are times when there is a shortage of parking in town and there are no other locations available to address future needs. If that is not the preference of the majority of town residents however, I support the alternate plan.

Sincerely,

Mary Close Oppenheimer

To: landuse@SalisburyCt.US. the Zoning Commission;

Mieke Armstrong is all in favor of a special permit application to build two affordable homes at 26 and 28 Under Mountain road in Salisbury. She is in favor of 2 green spaces, rather than 1 green space and a municipal parking space.

June 17: Public Hearing for 26 & 28 **Under Mountain Road**

On **June 17 (TONIGHT) at 6:45 PM**, the Planning & Zoning Commission will hold a public hearing on Salisbury Housing Trust's special permit application to build two affordable homes at 26 and 28 Under Mountain Road. This session is a continuation of the hearing started on June 3.

We encourage you to attend and speak up in support of the Under Mountain Road affordable homes. We know anecdotally that many of our readers want this project to move forward - expressing that sentiment to P&Z makes all the difference.

SHT submitted two proposed site plans for review by P&Z. One contains municipal parking, while the other reserves more land for public green space. Both site plans can be found in the application materials posted on the P&Z [website](#).

During the hearing, community members can comment and ask questions about the project. If you cannot attend the hearing and would like to provide feedback, email your comments to landuse@salisburyct.us.

We'd love to hear from you!

I am in favor of putting the buildings and open space if possible. We need to get serious about creating viable housing for those who work, or have worked , in our town. Parking is needed in town , perhaps down by the town garage?
