

## CT DPH Aquifer Protection Notification

The Connecticut State Department of Public Health (DPH) utilizes an online Project Notification Form if the site you are developing is within an Aquifer Protection Area. SLR Consulting completed and submitted the online form to the DPH on July 24, 2024. Below is the screenshot of the online submission and a screenshot of a confirmation email from Lisette Stone, Environmental Analyst 2, Drinking Water Section – Source Assessment and Protection Unit, Connecticut Public Health.

The screenshot shows the top navigation bar of the Connecticut State Department of Public Health website. It includes the CT.GOV logo, the text "Connecticut's Official State Website", a search bar with the placeholder "Search Connecticut Government...", and a "Language + Settings" button. Below the navigation bar is a large banner image of a smiling child with the text "Connecticut State Department of Public Health".

Below the banner, the breadcrumb trail reads: "CT.gov Home / Department of Public Health / Project Notification Form".

On the left side, there is a dark grey sidebar menu with the following items, each with a right-pointing chevron:

- DRINKING WATER
- Contact Information
- Forms and Applications
- Publications and Reports
- Resources and Links
- Drinking Water Topics A to Z
- DPH Homepage

Below the menu is a search box labeled "Search Department of Public Health" with the placeholder "by Keyword" and a search icon.

The main content area is titled "Project Notification Form" and contains a confirmation message:

Good Afternoon,

I submitted the online Project Notification Form in July for our project Wake Robin Inn Redevelopment located at 104 & 106 Sharon Road, Salisbury, CT. Would you be able to send me the responses/give confirmation that I submitted the form.

Thank you,

Sean
