Re: Application #2024-0257 – Wake Robin LLC and Granbery (Aradev LLC) Special Permit Application, Aradev LLC

Dear Miles:

We are working on answers to questions from Chairman Klemens, Mr. Conkerline and Ms. Shyer. We have referred them to our experts who will be answering the questions within each of their fields of expertise. We believe we will have answers from our experts Rawlings and Miller to you by the close of business today. We hope to have answers from Bennett Brooks by the end of the day. However, his wife has undergone surgery recently which may delay that until a later time. We are still working on getting answers to those questions from REMA Ecological and Dainius Virbickas. It is likely that they will be delayed until tomorrow.

Regarding Counsel Andres' question regarding PA 21-29 we will have a memorandum to him with a copy to the Commission and Attorney Mackey today.

Should you have any questions regarding this status report, please call me.

Very truly yours,

Perley H. Grimes, Jr.
