Remote Meeting by Live Internet Video Stream and Telephone

setbacks and the Town has a right to rebuild in its pre-existing location.

Salisbury's Director of Recreation and Senior Services Lisa McAuliffe explained the current asphalt court would be broken down and used as a base for a fenced in post-tension concrete surface. The court would be a multi-sport area including one basketball and four pickleball courts. LUD Conroy added that post-tension concrete has a longer life span, and the proposed eight-foot perimeter fence was included without increasing non-conformity.

Vice Chair Shyer asked for the expected lifespan of the court and project cost. Ms. McAuliffe replied the expected lifespan is twenty years and would cost \$325,000. She explained post-tension concrete is better suited to the Town's weather conditions. Commissioner Cockerline asked about the condition of the current asphalt sports court. Ms. McAuliffe replied it was constructed prior to 2005, and was repaired in 2006 with a skim coat of asphalt and acrylic. She said the court has been in disrepair for the past three to five years and is unusable. Commissioner Riva asked which company would perform construction. Ms. McAuliffe answered RS Site and Sports. Alternate Member Wells asked if the court can be shifted to comply with the setback. Ms. McAuliffe replied no, there is insufficient space between the access road and baseball diamond. Vice Chair Shyer and Alternate Member Wells expressed concern about excessive noise from pickleball. Ms. McAuliffe explained there are no homes within 500 feet of the court and noise pollution is not anticipated to be a concern. However, noise mitigation solutions could be implemented post-construction if needed.

LUD Conroy explained the Commission determines whether or not investing in repairing the municipal recreation facility aligns with the Plan of Conservation and Development (POCD). LUD Conroy asked if additional allocations for budgeting were needed. Ms. McAuliffe replied there are multiple options to ensure the project is sufficiently funded. Commissioner Cockerline asked if an 8-24 Review should be completed. LUD Conroy clarified that the Commission can do an 8-24 review in addition to acting on the application. Vice Chair Shyer asked if there is sufficient parking for the anticipated court. Ms. McAuliffe replied there is.

**Motion:** To approve application #2025-0274 / Town of Salisbury / 30 Salmon Kill Road (Trotta Field) / Site Plan to Reconstruct an Existing Nonconforming (Yard Setback) Municipal Multi-sport Court (Section ) / Map 11 / Lot 26- 1 /.

Made by Cockerline, seconded by Riva.

Vote: 5-0-0 in favor.

*Motion:* The Commission finds that the maintenance and improvement of the courts at Trotta Field complies with the POCD as per section 8-24 of the Connecticut General Statutes.

84 Made by Cockerline, seconded by Riva.

85 Vote: 5-0-0 in favor.

## Public Hearing - 5:45PM

11. #2024-0269 / Sievert and Eliza McCabe / 21 Mount Riga Road / Special Permit for Vertical Expansion of a Nonconforming Residential Structure (Section 503.2) / Map 14 / Lot 17 / DOR: 11/18/2024 / OH: 01/06/2025 close by 02/10/2025 / Possible Close of Public Hearing and Consideration

LUD Conroy explained the Applicant provided a letter requesting to continue the Public Hearing. She

explained the correspondence could be considered a letter of extension, but the Applicant did not include a date. LUD Conroy noted that approval had not been received from Torrington Area Health District (TAHD), and several major adjustments are pending. LUD Conroy explained the Commission may accept an extension and encourage the Applicant to withdraw until compliance is achieved, or deny the application without prejudice.

**Motion:** To deny without prejudice application #2024-0269 / Sievert and Eliza McCabe / 21 Mount Riga Road / Special Permit for Vertical Expansion of a Nonconforming Residential Structure (Section 503.2) / Map 14 / Lot 17 /

102 Made by Cockerline, seconded by Riva.

Vote: 5-0-0 in favor.

## **Pending Business**

12. 2024-0270 / NOTSERO LLC (Hackett) / 95 Preston Lane / Site Plan for Demolition and Reconstruction of Single Family Residence in the Lake Protection Overlay District (Section 404) / Map 69 / Lot 32 / DOR: 12/16/2024 / Must act by 02/19/2025 (or 02/18 meeting) / IWWC Decision Pending

LUD Conroy explained this project has not yet been approved by the Inland Wetlands & Watercourses Commission (IWWC). Town Consulting Engineer Tom Grimaldi provided comments on the application, Engineer Pat Hackett responded, and a final review from Mr. Grimaldi is pending.

## **New Business (continued)**

13. #2025-0275 / Lime Rock Park II, LLC / 497 Lime Rock Road / Modified Site Plan to Construct a 26'x52' Open-air Guest Pavilion (Section 803.5) / Map 4 / Lot 16 / DOR: 02/03/2025 / Reception, Consider Scheduling Hearing

Bill Rueckert presented a Site Plan application and detailed proposed construction plans for an open-air pavilion located near the infield area, adjacent to the existing Lime Rock Park chalet structure. He said the pavilion was proposed where a temporary tent is typically erected for events with food service and a general spectator area. The pavilion would be a twenty-six by fifty-two-foot post and beam building on cement piers, with a shingled roof and gravel floor. He explained no plumbing or permanent electrical power would be installed in the structure, and temporary lighting would be provided as needed for events. Country Carpenters would assemble the pre-cut timber structure on site.

LUD Conroy explained the Commission had previously chosen to host public hearings for site plan applications for buildings or structures proposed at Lime Rock Park. Vice Chair Shyer asked if the surface area of the pavilion structure would differ from the temporary tent. Mr. Rueckert replied yes, and the surface would adjust from dirt to gravel. Vice Chair Shyer asked if the Applicant anticipated increased use of the permanent structure versus a temporary tent. Mr. Rueckert replied that the number of hosted events would remain similar, but public use of the area would increase. Vice Chair Shyer asked if temporary lighting was used during tented events. Mr. Rueckert confirmed it was.

Commissioner Cockerline commented that the proposal seemed customary and incidental to a track for motor racing and should not require a public hearing. He advised if permanent utilities were proposed to be used in the pavilion, the Applicant should return. Commissioner Riva and Alternate Member Wells agreed.

## **REGULAR MEETING MINUTES** February 3rd, 2025 5:30PM

Remote Meeting by Live Internet Video Stream and Telephone

139 Chair Klemens joined the meeting at 6:28PM and was seated as a voting member in place of Alternate 140 Member Wells. 141 142 Chair Klemens expressed that he also felt comfortable approving the Site Plan application without 143 holding a public hearing. Commissioner Cockerline suggested approving the application with the 144 condition that the approval from TAHD is submitted to the Land Use Office. Alternate Member Schiffer 145 asked if food would be cooked under the proposed structure. Mr. Rueckert answered no, food would be prepared in the existing permanent kitchen nearby and delivered to the pavilion. Alternate Member 146 Schiffer asked if appropriate garbage facilities and receptacles would be included. Mr. Rueckert replied 147 yes. There were no further questions or comments from the Commission. 148 149 150 Motion: To approve application #2025-0275 / Lime Rock Park II, LLC / 497 Lime Rock Road / Modified Site Plan to Construct a 26'x52' Open-air Guest Pavilion (Section 803.5) / Map 4 / Lot 16 / with the 151 152 condition that Torrington Area Health District Approval is obtained. 153 Made by Cockerline, seconded by Riva. 154 Vote: 5-0-0 in favor. 155 156 **Adjournment** 157 Vice Chair Shyer adjourned the meeting at 6:36PM. 158 159 160 161 Respectfully Submitted, 162 Erika Spino
